Geriatric Dentistry: The Fastest Growing Demographic in Dentistry

Lou Graham, DDS

Friday, October 14, 2022 | 8:00am – 4:00pm

Frederik Meijer Gardens & Sculpture Park | CE Credits: 7

West Michigan District Dental Society is an
ADA CERP Recognized Provider.

Geriatric Dentistry: The Fastest Growing Demographic in Dentistry

Presented by Lou Graham, DDS | Friday, October 14, 2022
Frederik Meijer Gardens & Sculpture Park | CE Credits: 7

Dr. Lou Graham is an internationally recognized lecturer extensively involved in continuing education for dental professionals. His lectures focus on incorporating current clinical advancements through “conservative dentistry.” He emphasizes the same concepts he practices: dental health diagnosis, treatment plans for medically compromised patients, conservative treatment, cosmetic dentistry, and customized approaches to periodontal care, implants, and laser dentistry.

Dr. Graham is the founder of Catapult Education, a continuing education company whose philosophy and programs use contemporary, interactive formats to integrate time-proven conservative dentistry methods with 21st century materials and techniques.

Dr. Graham is a published author in many leading national and international dental journals. He is a member of the American Dental Association, American Academy of Cosmetic Dentistry, Academy of General Dentistry, Chicago Dental Society, and the Illinois Dental Association.

With patients entering their eighth and ninth decades of life and beyond, our role as health care providers continues to face new challenges in treating this population. As these patients walk into our offices, they present challenges that are often unique and require customized approaches to their care.

Highlights:

- Prevention is for all ages and doesn't stop here!
- Why this patient population loves our in-office PREVENTION PLAN.
- Customizing your approaches for plaque, xerostomia, and so much more.
- Reporative dentistry: when, where, and why—and what materials are best to utilize.
- Customized periodontal protocols that go beyond brushing and flossing.
- Advanced restorative techniques: for post and cores, deep class 2's, “elevating the margin” technique, perio-splinting, and choosing the right cement.

Schedule

Seven hours of Continuing Education Credit

Registration: 7:30 am – 8:00 am
